Coordination between parties

Joint Committee Meeting

- The highest decision making process in the JCM
- Both governments discuss at the same level with equal rights
- Frequency: 2 times a year @ 2 days
- Chaired together by Co-Chairs (Japanese and Indonesian side)
- Participants:
 - Joint Committee members and teams
 - Secretariat from Indonesian and Japanese side
 - Observers:
 - Indonesian side: related ministries e.g. National Accreditation Committee, technical experts (usually for methodology discussion), project participants including local governments
 - Japanese side: supporting entities e.g. IGES, NEDO, GEC, OECC, JICA

Joint Committee Meeting

- Decision-making process:
 - Proposals can come from Indonesian or Japanese side
 - Most proposals and materials have been discussed before JC Meeting through explanation meetings for effective JC Meeting
 - Consideration of proposals may lead to decisions made in the meeting, sometimes the materials are brought back by both governments to be discussed internally, then decided electronically or in the next JC Meeting
- Output:
 - Revised rules & guidelines
 - New guidelines
 - Approved methodologies
 - Registered projects
 - Designated TPEs

Joint Committee Meeting

- 1st JC Meeting (August 2013) main outputs:
 - Indonesia JCM Secretariat establishment
 - Adoption of JCM Rules & Guidelines
 - Capacity building needs and activities
- 2nd JC Meeting (May 2014) main outputs:
 - Adoption of the 1st methodology
 - Designation of 7 TPE
- 3rd JC Meeting (October 2014) main outputs:
 - Registration of the 1st JCM project in the world for centrifugal chiller
 - Adoption of 2 methodologies for energy efficiency in convenient store
 - Way of communication
- Agreed outside the JC Meeting:
 - Project Idea Note mechanism
 - Provisional designation of a TPE

CMEA Cooperation with JICA

- Aims to strengthen capacity of the Government of Indonesia to effectively perform the duties related to JCM
- Area of cooperation:
 - Secretariat operationalization, together with CMEA
 - Monitoring and evaluation
 - Information dissemination and communication materials
 - Capacity building
 - Policy assessments, e.g. linkage of JCM with other mitigation policies (INDC, MRV Registry, etc.)
